Subject: RE: AltEn - Mead, NE

Good afternoon Mr. Martin.

As far as I know the information Jeff gave you is correct and the last TCLP did not identify the wet cake as a hazardous material. Feel free to give me a call if you want to discuss this further. My direct contact info is provided below.

Thanks,

Daniel LeMaistre, PE

Subject: AltEn - Mead, NE

Dan - This past Monday, I spoke with Jeff Edwards and Ann regarding the disposal status of AltEn's grain/seed. They informed me that sampling occurred in 2019 and the waste material was determined to be non-hazardous for TCLP pesticides and it is being disposed at the Butler County landfill. Is this the case? Could you contact me for additional follow-up? Thank you.
